ROLES & RESPONSIBILITIES

3 Interview Roles:

- Lead Interviewer
- Secondary Interviewer
- 2 Notetakers

The lead interviewer introduced the project and - with assistance from the secondary - led the interviewee through key questions. The notetakers made sure to track crucial data for later use. We rotated roles, creating a unique experience.

Completed 25 virtual interviews with leaders across North Carolina in business, government, non-profit, and education sectors.

Researched and analyzed applicable sector data (case studies, best practices, challenges, opportunities, and recommendations) for each weekly sectoral summary deliverable.

Compiled all research, interview notes, and data into a 100-page synopsis that will be the basis of a training model for Go Global NC.
